EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Attorney Vern Schooley on September 7, 2005.

The application has been amended as follows:

Claims:

Please cancel claim 17.

Allowable Subject Matter

1. Claims 2-15, 35 and 36 are allowed.
2. The following is an examiner's statement of reasons for allowance: No prior art of record discloses or fairly suggest a method of organizing comprising: selecting a display binder having sheets including pockets with transparent panels and identifying indicia; providing an online

database; inserting compact disc material into the pockets; selecting disc related titles from a database; assigning positional identifiers correlating the indicia to the titles; generating a table of contents printout; attaching the table of contents to the binder whereby a user may view the table of contents, select a desired title, flip the sheets to select a pocket bearing identifying indicia corresponding to the positional identifier associated with the title; and including all of the other limitations of the independent claims.

Liener Chin et al discloses an apparatus of organizing, however, Liener Chin et al does not disclose a method of organizing comprising: providing an online database structured to store a master listing of compact disc titles; selecting from the database the title for the compact disc titles to provide a collection of titles; generating a table of contents printout by selecting the collection of titles and their respective positional identifiers.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Juskiewicz et al, and Torres disclose a similar method of organizing.
